T-shot poplin is the suggested material for vest and skirt.

This is very important: All fabrics should be pre-washed to make sure that colors do not run together in future cleanings. “GEORGIA” should be placed downward on the front right side of the vest or collar. These letters can be purchased at most cloth stores, as well as many craft stores. They are blue letters with a stick-on backing. It is suggested that you tack each letter so they do not come off when the garment is washed. For those who wish to wear a red tie with a white shirt, the letters can be placed on the back yoke of the shirt.

Once you have completed your outfit, wear it proudly at the Georgia State Convention, GSSDA Spring Dance, GSSDA Winter Dance, National Square Dance Conventions, or any other time you want the world to know you are from GEORGIA!
